MEMBERSHIP CONTEST SCOREBOARD

WELCOME the following new members who have signed since the last bulletin... name in (parens) gets contest credit...

Note: Due to my error, the following new member was omitted from the last bulletin:

593. Wilbert A. Boers, 3338 Moonridge Dr., Cincinnati, Ohio 45211

608. Edward R. Joyce, 5552 Louli Rd., Jacksonville, Florida 32211 (F. Stanfield)
 609. Cy Phillips, Jr., S C Coin & Stamp Co., Drawer 3069, Arcadia, Calif. 91106 (Jensen)
 610. Ray L. Hope, Jr., Box 969, Charleston, W.Va. 25324 (Bumgardner)
 611. C. D. Christopher, Box J, St. Charles, Ky. 42453 (Mullins)
 612. Carmen Ezell, Box 187, Mortongs Gap, Ky. 42440 (Bill Williams)
 613. Billy E. McKinney, Rt. 2, Lewisburg, Ky. 42256 (C. Travis, Jr.)
 614. R. L. Skimehorn, Box 41, South Carrolton, Ky. 42374 (C. Travis, Jr.)
 615. T. C. Wright, 223 N. Cherry St., Greenville, Ky. 42345 (C. Travis, Jr.)

LATE FLASH !! There is a great possibility that NSCA will be represented at the great BLUEFIELD COAL SHOW to be held in Bluefield, W.Va. on September 13, 14 and 15. The officials have extended an invitation and if the details can be worked out, we will have a special booth or tent where coal mine scrip will be bought - sold - and traded. All NSCA members will be welcome to use the facility and we hope to get lots of publicity in the area so that miners will bring in scrip items for evaluation, etc. Too, NSCA membership brochures - Dodrill books - and Edkins' catalogues will be featured. Hopefully many copies can be sold and several new members can be picked up. Since we will not have another bulletin to you before this date, wanted you to have advance word in event it becomes a reality. So.... if you are in the Bluefield area or if you plan to attend this great event (several thousand attend each year at the Armory), look around for the National Scrip Collectors booth or tent !! 'Tis possible that Bill Williams, R. R. Tippy and Walt Caldwell will be in the area for all or part of the three days !!

SURVEY FORMS :: Many fine bouquets and brickbats have been noted on the survey forms that we asked each member to fill out and return. Comments on the opinions and ideas presented on the forms will be included in a future bulletin. If you have not returned the completed form, please do so! A photo copy will be fine.. it was included in the last two bulletins!! This will give your NSCA officials some ideas on what you expect from NSCA and will give the bulletin editor some ideas for giving you a better publication...

ON NUMBERING OF PAGES IN BULLETIN: Several members suggested that pages in the bulletin be numbered. Since we have limited time and since we do not know how many pages will be in each issue when we start the typing and stencil preparation and since we do not know where each page will fit in the finished product, it is almost impossible for the Janitor to number the pages!! We know you understand that the finished bulletin thus is determined by the time we have available as well as the material we have to get into each issue....

THE
PRESIDENT'S
CORNER

Bill Williams

As your President, I am sincerely interested in the future of NSCA and the services we can provide for the members. In this regard, I am attempting to promote the overall growth of NSCA in every possible way. I have asked for comments from members and have offered to attend or meet with groups of members almost any place, provided I am invited early enough to work it into a travel schedule.

So far, I have not received any invitations, but I have received several

interesting letters. I appreciate, very much, the suggestions and comments and still need more.

You may be interested in the thoughts expressed in letters from three members. A W.Va. collector said that a big collector sold him a number of reproduction scrip tokens without telling him what it was. He feels that NSCA should have a rule against selling or trading such scrip. The feeling of several members is that reproduction scrip should be properly identified whenever it is offered for sale, trade or auction.

An Ohio collector who is opposed to the expansion of the scope of NSCA to include all mining and manufacturing companies that used the 'company store' concept states, "it is my opinion that while the Executive Committee has gained in unlimited collecting areas (monetary funds), they have lost a precious part of coal collecting: NSCA."

A California collector states, "I was disappointed when you decided to have all token collecting. There are many organizations devoted to this. We need speciality groups no matter how small."

The Executive Committee gave a lot of thought to the change before it was proposed. It was found that several members had been studying the concept for as long as a year before it was proposed last May. As a result, the decision was unanimous to recommend the revision to the By Laws which was voted on and approved in accordance with the provisions for amending the By Laws.

We definitely respect the right of any member to disagree for this is the only way we can have a successful organization. We, however, sincerely feel that coal collecting will not suffer as a result of the change, and that by restricting the scope to mining and manufacturing tokens, NSCA still maintains its identity as a specialty group. It is hoped that more collectors, particularly in other states, now will be encouraged to join us to make NSCA truly a national organization.

Since the last issue of SCRIP TALK, I have made trips through West Virginia to Pittsburgh - to South Bend, Indiana - and to Lake Malone State Park in western Kentucky. The Pittsburgh trip was primarily for the purpose of visiting Walter Caldwell in Fayetteville and John Fliss in New Kensington, Pa. in order to learn more about the past activities of NSCA. Although I did not get to see as many members as I wanted to see, I did visit or talk with Dick Coy, Harold Lee, and Betty Light in Morgantown - with Fred Lange and Neville Brugh in Hollins, Va. - with Harry Hall in Chilhowie, Va. - and with Gordon Smith, Ray Dingess and John Taylor in Kingsport, Tenn. While visiting John Fliss, I picked up all of the Edkins catalogs and took them back to Walter Caldwell. Walter now has plenty of both bound and loose-leaf copies available. We'll have a report on the books in the next issue.

Later I traveled to South Bend, Indiana to visit a family friend. On the way, I visited Lloyd Wagaman in Camby, Indiana and talked on the phone with Arlie Mulkey in Kokomo, and Ralph Coursel in Michigan City, Indiana. Coming back I visited Ralph King in Columbia City and Ron Vore in Poneto, Indiana. I also visited Paul Jensen in Fort Thomas, Ky.

(Continued)

Back in Oak Ridge and Knoxville, Tennessee area, I have solicited comments from Fred Lynch, Ed Norman, Fred McNamara, Ralph Hampton and H. R. Tinch. There are several others I still need to see.

My final trip for this issue was a mini-meeting at Lake Malone State Park in western Kentucky. Claude and Mary Travis had worked extremely hard obtaining publicity in papers and on radio and television stations in western Kentucky and southern Illinois. As a result, more than 80 people came to see our exhibition of flickers (scrip). Ten of these already were members and five more joined NSCA during the day. The remaining 65 people were local area residents from as far as 50 miles away. This is a real tribute to the excellent work done by Claude and Mary.

Kentucky members attending were Claude Travis, Beechmont; George Countzler, Greenville; Marshall Byford, Clay; Jerry Schawper, Covington; and David Orrahood, Owensboro. In addition, Richard Seipelt came from Fairfield, Ohio, Don Jones from Mt. Vernon, Illinois, Dave Mullins from Nashville and R. R. Tippy from Oak Ridge, Tennessee. New members signing up at the meeting were: C. D. Christopher, Mrs. Carmen Ezell, Bill McKinney, R. L. Skimehorn and T. C. Wright.

We have plans for another mini-meeting of Alabama, Georgia and Tennessee collectors in Chattanooga, Tennessee on Saturday, September 22, 1979. Members in these states will be receiving more information soon.

In view of the enthusiasm and success I have seen in mini-meetings, I strongly urge that any area where there are five or more members, consider holding one. Of course, one person has to take the responsibility for organizing the meeting, but I will be glad to give anyone the benefit of our experiences.

Next month, I will be off again, as long as gasoline is available, attempting to visit more members who have not been able to attend one of the national meetings. In the meantime, keep the letters coming.

.....

COMMENTS FROM YOUR EDITOR: I have just returned from the ANA meeting in St. Louis, Missouri... went out on Sunday the 29th and returned the 31st... a quick trip... On the way I ran into Dale Shaheen (Williamson) in the Charleston airport returning from an overseas flight. He advised that he was sick over the condition of his scrip which went thru a flood and that he hoped to get it in order again soon... R. R. Tippy was my guest at the TAMS (Token and Medal Society) luncheon where I had the honor of presenting the TAMS literary awards to members for the best articles in the Tams Journal last year... One of the winners was Dave Schenkman... Saw many NSCA members and altho I hate to leave out any names, will mention Cindy and Bob Grellman of Alabama - Ore Vacketta of Ill., Paul Cunningham of Michigan, Rich Hartzog of Illinois, Ben Odesser of Illinois, Robert Hodges of Ohio, Steve Penzes of Michigan, Elvin Miller of Virginia, Dave Schenkman of Maryland, Arlie Slabaugh of Pennsylvania, and I am sure others whose names I failed to jot down.... Incidentally, did not see much coal scrip and picked up only four common items.. Would be pleased to forward TAMS membership info to any NSCA member desiring same. They publish a fine journal and cover the entire token and medal field... President Bill is certainly doing a wonderful job as NSCA prexy... As noted in his comments, I have plenty of Edkins books and also Dodrill books for sale to members at \$16. and \$5. Better order your copy today while the supply lasts... Too, better make your reservations now for the National NSCA convention in Cumberland Gap, Tennessee the first week-end of October... Your local Holiday Inn will make the reservations direct for you so call today... Many big things are in store for the October meeting... see the next issue of SCRIP TALK for full details...

MY EARLY SCRIP COLLECTING EXPERIENCES

By: A. B. Coleman

In response to the call for individual stories about how I became a collector or a favorite piece or set of scrip, the following is the story of some of my experiences when I joined the scrip collecting fraternity.

Let me say first that I'm a collector because I was a former miner who became disabled as a result of that type of work. I had an accident while working for the Milburn By-Products Coal Co., which resulted in the loss of a leg.

One of the things I learned quickly, and which I overcame, was that a few collectors would take advantage of a newcomer to the hobby. However, most of the people with whom I traded have been very fair and many have bent over backwards to help me out.

I have two pieces of scrip in my collection which were in a Glen Morrison Coal Co. miner's pocket when he was killed in an accident. These I prize highly. Scrip collecting is one of the best hobbies in the world, not like U. S. coins where you can't find the good items any more.

Sometimes I pay a high price for scrip to get a piece or pieces to fill out a set or to trade for pieces I need. Recently, I traded an aluminum dollar for six pieces which I needed. I was able to complete two prized sets with half of the acquired scrip. Then at other times good pieces can be gained at no cost at all. For example, I got my Lilly-brook dollar from a wall in a man's garage. I also got a New River Company Harvey (No. 12) half dollar off of a man's fishing pole. He had been using it for a sinker. It was in excellent condition in spite of its former use.

In some of my other interesting experiences, I got a Sharon \$5.00 piece from a man who had it on his belt buckle. I also picked up 26 scarce to rare pieces of scrip from a woman who saw my ad in a local paper. She wouldn't accept any payment from me even after I pleaded for a long time. She just wanted me to have it as a gift.

One thing I would like to emphasize is that experienced collectors try to give young or new collectors good value for whatever he has to trade. We need more members and this is one way to get newcomers off on the right track.

I would like to thank all of the NSCA members who have helped me. In a short time I have been able to acquire a fairly large collection and I hope to keep adding to it.

Also, I would like to report that my favorite set of scrip is that of the Milburn mines where I worked for a long time. I would like to complete sets for all of the companies with which I was associated. That's a tough order -- but I'll keep trying.

I would also like to report on a visit Bob Craigo and I made to Sand Branch (near Bradley, W.Va.) in order to talk with Roy Sloan, a retired New River Company employee. Roy worked for Charley Heermans in the Machine Shop at Mount Hope. Around 1949 Sloan and another employee destroyed some Store No. 15 scrip as ordered by Ed Tutwiler of the company office. It seems that a young fellow had stolen about 2 half bags full of mostly \$5.00 and \$1.00 pieces and it had been recovered.

Sloan noted that another employee's roses had been the site for some of the purloined tokens as it had been buried in the ground near the flowers. It took Roy three days to "blow holes" in each piece of Kilsyth scrip. He also recounted that an armed guard watched the destruction of every piece.

Kilsyth, at this time, changed to use of the "K" punch. Most of the Kilsyth scrip is thus dated 1949. A short time later, some of the Wickham scrip was stolen, with the result that the "M" punch scrip came into use as replacement. It was Orco - 4, dated 1949. Reportedly, some of the No. 10, Wickham, scrip was buried at Mabscott by a party of the theft.

(Continued)

MY EARLY SCRIP COLLECTING EXPERIENCES : (Continued)

Only one, or possibly two, complete sets of the Wickham (No. 10) scrip are known. By the way, a welder's torch destroyed the mentioned Kilsyth, No. 15, stolen tokens. Sloan also noted that some other New River Company scrip was destroyed when it was smelted at a Mabscott machine shop.

During the destruction of the stolen No. 15 (Kilsyth) scrip, Roy was overcome by the fumes coming off the scrip. This was probably the reason why more of the New River Company wasn't similarly destroyed. Roy didn't know what happened to the earlier ICS and Orco scrip used by the subsidiary companies, but observers believe that it was sent back to Osborne Register Company for shredding.

Practically no sets of the ICS and Orco 1 and 2 subsidiary scrip are known. Craigo has sets for only four locations out of sixteen commissaries.

+++++

THE JANITOR'S REPORT... as time and space permits ... Several members have asked for the DISPLAY ADVERTISING rates... remember the four line Classified is FREE, however, if you want a display ad in SCRIP TALK, the following rates apply (as adopted by NSCA at Huntington WV convention):: For camera ready copy (typed in heavy black ribbon or drawn in black ink) \$20.00 for a full page - \$10.00 for a half page - \$5.00 for a fourth page.... If the editor is to prepare, TWO TIMES the above rates. These rates were adopted in 1974 and will probably be increased at the next Executive Board meeting since postage and paper costs have increased.... so, if you plan an ad soon, better get the copy in today.... Still awaiting the scrip article in AMERICANA magazine out of New York.. You will remember the pictures taken at the Fairmont convention sometime back. These large magazines probably have a great backlog of material... They did note that the article would be used.... Saw Col. Bill Murray of Arkansas at the ANA - TAMS meet and he promised to send some articles for SCRIP TALK. He has a regular column in the numismatic papers and attended our last meeting in Corbin, Ky.... Don Edkins reports that many, many new additions are coming in for the catalog... If you have items that are not in the present book, be sure and send to Don for cataloguing and for foils.... President Williams has noted that he has a major goal of getting out the new edition during his term of office.... Incidentally, the cost of publishing the TAMS Journal exceeded the total membership by \$3000.00, thus you can see the expenses involved in publication of a bulletin.... The Token and Medal Society received a gift many years ago of stock in The Franklin Mint which provided them with a good financial base.... Incidentally, TAMS now has a special committee to consider possible books for publication with their being the publishers or by loaning money to individuals to publish... An Indiana token book - an Alaska book - and a book on Nazi tokens and medals are currently under consideration.... Too, a book by Arlie Slabaugh on encased coins is also in the works.... Several members renewed their dues after the new membership roster was prepared. We will try to list these names in a later bulletin.... The response to the Bill Williams letter to all who had not renewed brought a very, very good response. A special dues letter is now being prepared that will be mailed to all members separate from the bulletin in December.... Scriptor Elwood Maples had a recent picture and article on his collecting scrip in the Meadow River Post at Rainelle, W.Va..... He has collected a number of UMWA convention badges and has made a nice display of them.... Your Editor had a scrip display at the Fayette County Library for one week recently.... Any activity that you can generate by displays, news media releases, etc. certainly will help to bring in new collectors to NSCA.... We need special articles and information on mining and manufacturing tokens outside of the coal and lumber fields... Any volunteers for articles on silver, copper, lead and gold mines??? Anybody got tokens in these fields?? Why not send in an article for publication??

MEMBERSHIP CAMPAIGN

Charles Rogers, Chairman

This is my first article in SCRIP TALK, and it comes to you in the form of a plea for more new members in N.S.C.A. Many words have been written in past issues of SCRIP TALK as to why N.S.C.A. must increase its membership, so I will try to be as brief as possible.

Organizations such as N.S.C.A. have many expenses in order to bring to you, the member, the good things such as SCRIP TALK and two very interesting meetings each year, to mention a few.

The more new members we get, the better chance we will have to enlarge our collections.

If you are in an area where there are no token or coin collectors, try enclosing a membership application in your correspondence with other collectors and dealers such as mail bid sales, token ads, and trades.

These applications are available from Walter Caldwell, or just drop me a line and I'll see that you get some.

Remember to tell your prospective new member that the balance of 1979 is free, and if they sign up now their dues would be paid up until December 31, 1980.

Also, it would be good to tell them that N.S.C.A. has gone national to include all mining and manufacturing scriptokens, such as cotton mills, steel mills, silver, gold and copper mining, etc.

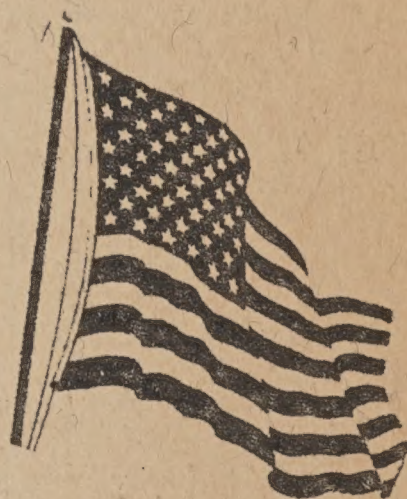

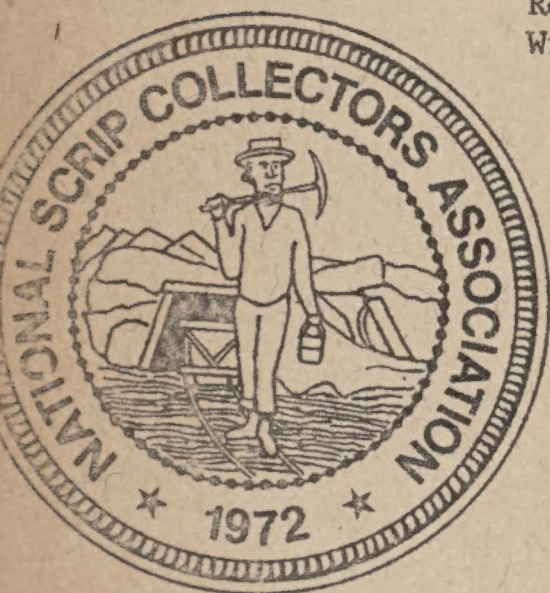

Also, that they can run a free ad in each issue of SCRIP TALK on any form of exnumia such as for trade, for sale, or want list. And, if possible, show them your copy of SCRIP TALK plus some coal or lumber scrip.

Just a reminder -- if you sign up five new members by the spring meeting of N.S.C.A., you get a free copy of the Edkins Catalogue, and if you sign up ten new members you can win the trophy awarded each spring.

To those who have already signed new members, many thanks; to those of us who have not, we must get on the ball to meet our quota of at least one new member.

I would appreciate any new ideas on how to increase our membership, so to you who have these ideas, please drop me a line to:

Charles O. Rogers

SPOTLIGHT ON
TOKENS II

A NEW FEATURE
FOR "SCRIP TALK"

Gordon Dodrill
441 Smithfield St.
Pittsburgh, Pa 15222

1915 COAL BELL COAL CO., Bentree, W. Va. - Clay County
This token was issued before March of 1918 as it was listed in an old Elder auction of that date. Mike Benedum, the Pittsburgh Industrialist opened this mine in 1915 with 125 miners and a company store managed by G.W. & J.A. Wiseman. In 1925 the mine was absorbed by the Bentree Coal and Oil Company, also a Benedum interest.

GIBRALTAR COAL MINING CO., Mercer, Ky. - Muhlenberg County.
This company is listed as starting in 1907 and closing down in 1909 with 100 employees. The mine was opened by William Billingsley, who sold it to R. L. Brown in 1909. Then the mine was not listed again until 1915 when Robert L. Brown of Memphis, Tennessee, re-opened the Mercer mine along with 3 other mines in Cleaton, Central City and Brownie, Ky., all in Muhlenberg County. All four mines employing 702 miners closed down in 1938. The two tokens pictured most likely are of 1915 vintage. The top token of the Mercer mine is aluminum and the Brownie token is bi-metal. This company operated 3 stores; the Gibraltar Store, Brownie Store and the Holt Store.

COLONEL CALDWELLS

MAIL AUCTION SALE

SALE NUMBER 58

CLOSING DATE :

SEPT. 14, 1979

Ohio 43512

Q: What is the highest price ever paid for a coal token?

A: Susquehanna Coal Co./Naticoke Bridge/Value 2 Cents///Footmans Pass/ Good For One Trip (painted red) PA 13 - R10 (one of two known) AU condition; sold at auction in Pa 1975 for \$200. (Ed note: Price due to being transportation token also)

Comment: Mr. Carl Heinrich, Reno, Ohio has made positive attribution of the Grace Mine Chapman Coal Co. as follows: "Grace Mine of Chapman Coal Co. was one of two mines this company had in Coal Twp., Jackson Co., Ohio. Grace Mine was located at Ada Switch on the Ohio Southern RR (between Coalton and Jackson).

They mined the Quakertown seam with

a shaft mine which was opened in 1888. No other date is available to indicate how long it was in operation or how many men worked. H. L. Chapman came to Jackson as a young man in 1865 and became involved in banking, railroading and coal. He died in 1917." This info came from "History of Industry In Jackson Co., Ohio" 1956, Frank C. Horrow, Wellston. Too, Mr. Heinrich thought that the mining company was located in Jackson, Ohio and in my 1914 Bradstreet it is listed: Chapman Coal Co., Chapman, Ohio (neither one of us was right!)

Comment: Rennois Coal and Coke Co.... This token maverick was sent in by Paul Jensen (with about 30 other Ingle mavericks) for some help by the members. I have been able to find something that might help but at this time I cannot give a definite attribution. W.Va. 1900 Gazetteer lists a Pennois Coal and Coke Co. (not Rennois). This is a book so typo errors could occur, and also the die-sinker could have made a mistake. Can anyone help with an 1899 listing? Look under Coke mfgs - Everson & Fairmont, W.Va.

Comment: I have several nice ideas to list ISO9 -IS14 -ICS mavericks just to fill up the space allotted by NSCA, but I don't think that's what the column is supposed to be about. I am supposed to answer questions and that is impossible if nobody asks questions !! (Ed note: maverick listings sounds okay to me!) Thanks to R. R. Tippy, Carl Heinrich and J. Schmidt for advice and encouragement; also to Jerry Roughton and Paul Jensen for listings.

Comment: Can anyone identify:

Rogers and Meyer/ Taylorsville/ Dam
Good for/ 5¢/ In Trade

I have located "Taylorsville" in four states: Ill, Ky, N.C., and Ohio. Which state has or had a dam and a Rogers and Meyer located therein? Help!!

Comment: Can anyone verify the fact that "Rush Fork Commissary" is attributed correctly to Grundy, Virginia? Please give references. Too, canyou help or give leads on "Delta Land & Lumber Co." and "Day Lumber Co."

Prices Realized

SALE NO. 57 - CLOSED: August 3, 1979

Many record these prices on their copy of the last bulletin.. thus have a current trend on the prices of coal and other tokens !!

What with petrol being in the \$1 per gallon range, an ideal time to stay home and work on your token collection !!

On tie bids, earliest postmark was awarded the lot! Others charge \$1 or more for Prices Realized.. This is a FREE bonus for all SCRIP TALK readers...

I believe that this is the largest ever issue of SCRIP TALK. Postage will be rough on this issue, however, with your participation in the auction sale, the profits can be used for a bigger and better bulletin !!

.....

HIGH LOT CONTEST: Remember... on the bottom of your Bid Sheet write the Lot number and the price it will bring on the top lot in the next sale !! FIVE sets of scrip of my choice if you are the closest with the correct lot number and price !! (A Hint! I find that some who want a particular lot have been bidding a little more and using the Five Free Sets to sell and reduce the cost on their winning lot!)

Winners in Sale No. 57 :: Harry Dunn of Knoxville and Bill Williams of Oak Ridge both guessed that Lot No. 25 would bring \$45.00 in the sale - thus, TWO winners this issue.. Each will receive 2½ sets (aw, come on Walt, make it three sets each!) O.K. three sets to each of these lucky winners !!
.....

Please pay for your lots promptly so that I can pay the consignors !! Too, please add the postage and insurance cost to your payment as noted on your invoice !!
.....

MAKE YOUR RESERVATIONS TODAY FOR OCTOBER CONVENTION !!
CRAWFORD BLAKEMAN IS MAKING BIG PLANS FOR CLIMBERLAND GAP MEETING !!

NOTE: We normally do not print pertinent material on the back of the BID SHEET - however, hope you will understand for this one time! Some material came in late and we are right on the postage break between 28¢ and 41¢...so to save 13¢ on each bulletin, we had to do this!! Will try to avoid this in future issues !! Thanks !!

NOTE: On your membership roster, change the "state" on CARL HEINRICH from Oklahoma to Ohio.... Box 305, Reno, Ohio 45773.

FLASH !! - The entire membership of NSCA owes a big debt of gratitude to President Bill Williams for the splendid display of scrip and the wonderful job that he done at the big Bluefield Coal Show on Sept. 13-15, 1979... Bill built the cases, had the lettering completed and spent many, many hours during the three days of the show at the booth (housed in a large trailer-type mobile home). This was a first for NSCA and I am sure that Bill will have a report on this for the meeting at Cumberland Gap in October... Your Editor spent the day on Saturday and assisted by giving out hundreds of NSCA brochures to many, many interested persons... Some people brought in scrip for appraisal - some selling and trading took place... Some new members were signed - some Edkins and Dodrill books were sold... Scriptor Elwood Maples won \$100. for his display of mining artifacts... The Chamber of Commerce officials noted that if NSCA wants to be a part again, they would provide a \$100. prize for some type of scrip award... Scriptors Frank Hancock, Fred Duff, C. W. Hall, Elwood Maples, Harry Skaggs, C. F. Colley, Bob Craigo, A. B. Coleman, and others were present for the event... or parts of it... Your Editor certainly feels that the scrip brought many people to the big show and it would seem that more of this type of activity would be in order for NSCA !! More on this at Cumberland Gap meeting and in the next bulletin.... Don't forget to bring some good "stuff" for the mini-auction to be held at Cumberland Gap !! The club will get all of the net proceeds to help with convention expense - the Bluefield expense, etc....

***** TODAY FOR OCTOBER CONVENTION !!
